

Joann “Jodi” Holland

Geneva has been my home since 1990. I currently reside in the Town of Geneva with my supportive partner of twenty years, Bob. My son Aaron is a musician, sailor and small business owner here in Geneva. An alum of Keuka College, I have a Bachelors in Social Work and Masters in Organizational Management. In 2017 I retired from Seneca Cayuga ARC as Director of Community Services where I advocated for people with disabilities and their families for 22 years. Since retiring, I have enjoyed volunteering for Ontario County Court Watch and the Geneva Library Foundation Geneva Writes and Book Sale Committees. You can frequently find me at the library participating in classes, book clubs, working at book sales and helping to maintain the library's Balcony Bookstore. As a member of the Board of Trustees for the Geneva Public Library, I will support the library in being fiscally responsible while continuing to provide a broad range of programs which address the needs and interests of their patrons.
